

## SEA expands to Russian Market: EAC Homologation and Russian Delegation visit

SEA spa recently gained EAC Homologation according to TR CU 032/2013: this important certification allows the company to export air pressure tanks to Russia, Bielorrussia, Kazakstan following increasing demands from this Area.

In addition, SEA, has been selected by The Russian Fund of Educational Program as a Case Study for “4.0 Technology” and “lean production”.

The visit, organized by Co-Export Service, focused on Industry 4.0 and lean production, includes a series of meetings at some Italian industrial companies such as Salmoiraghi spa, Maserati spa, **SEA S.P.A.** and METALFAR Spa.

The Delegation includes **Russian operators representing major industrial and research groups** such as the Research Institute of Atomic Reactors (<http://www.niiar.ru/eng/>), State Institute of Applied Optics (<http://shvabe.com/en/>), SAPT JSC (<https://lnkd.in/gK6hd7w>), Tulatochmash JSC (<https://tulatochmash.com>) and LLC) Plant "Gazprommash" (<http://www.gazprommash.ru>).
